

# How to export Epic Sum Up values

## Export data within the Detail View

1. Navigate to any issue that has a Summary Panel and logged times
2. Open the any Detail View by clicking on the corresponding progress bar
3. Filter for the issues you want to export (e.g. all completed issues or all issues in general)
4. Click on the "Show Issues in" button on the bottom left
5. Choose "CSV-Export" or "Excel-Export" as the export format

## Export all logged times and their worklogs from a timesheet

1. Navigate to any issue that has a Summary Panel and logged times
2. Open the time Detail View by clicking on the time progress bar
3. Filter for the issues you want to view in Timesheet (e.g. all completed issues or all issues in general)
4. Click on the Timesheet button on the bottom left
5. Click on the "Show Issues in" button on the bottom left
6. Choose "CSV-Export" or "Excel-Export" as the export format
